OPERATION

BASIC FUNCTION

THE DISPLAY

On-Hook Status:

Installing (or Replacing) the Battery

Use screwdriver to remove the screw in the battery compartment cover on the bottom of the base unit.

IMPORTANT — before removing the battery compartment cover, always make sure the base unit is disconnected from the telephone line.

※ Install 3 Alkaline AAA batteries into the battery compartment and re-fit the cover before use.

Warning : The unit will not work without batteries fitted.

Connection and conditions for use

You can connect your D33, to public networks in the UK; or to an approved PBX using DTMF signalling. Each item of telephone equipment (phones, fax machines, etc.) has a **ringer equivalence numbers (REN)**. The RENs of all equipment connected to an exchange line **must not add up to more than 4** otherwise, one or more phones may not ring and/or answer calls correctly. D33 has a REN of 1, and most other telephones have a REN of 1 unless marked otherwise.

Note :

Subscription to the Caller ID Service is required for the phone to display the callers number. Please contact your line Provider. If you do not subscribe to Caller ID, the Caller Display will not work but the phone will work.

■ While the unit is under Guarantee

Guarantee and service The Binatone D33 is guaranteed for 12 months from the date of purchase shown on your sales receipt. The Guarantee does not cover damage by misuse or negligence, or by excessive voltages – for example, faults on the telephone line, or lighting.

Please keep your sales (till) receipt – this is your guarantee. You should also keep the original packaging material.

This does not affect your statutory rights.

In the unlikely event that you need to return your D33 to our Repair Centre while it is under guarantee, there will be a £5 handling charge.

- While the unit is under Guarantee**
1. Disconnect the base unit from the telephone line.
 2. Pack up all parts of your D33, using the original packaging. Remember to include the mains adapter.
 3. Return the unit to the shop where you bought it, making sure you take your sales receipt.

Repair after the Guarantee has expired If the unit is no longer under Guarantee, first follow steps 1 and 2 as for repair under Guarantee. Then...

4. Call our Service Department on 01325 304473 and ask for a quotation of the repair charge and details of where to send your D33 for repair
5. Make sure you include with your D33:
 - your name and address
 - a cheque or postal order for the value of the repair charge
6. Return your D33 to the address given by the Service Department.
